What we'll discuss

About Us

Delphi has been established by qualified professionals to accomplish the growing needs of professionals by enhancing their job productivity in MENA region & India. The Institute is approved by the Knowledge and Human Development Authority (KHDA), Dubai, UAE. Delphi is also an approved training center by the professional accounting body, IMA (USA).

We are also an ISO 9001:2015 certified company.

Vision and Mission

Respect for core values of ethics and integrity.

Offering customized result- oriented learning that is relevant and practical.

Recognition of faculty, who are the pillars of the institute

Providing high quality training and support services to our students and corporate clients.

This course assists a learner prepare to study and pass the Certified Information Systems Security Professional (CISSP) examination. This course, like the exam, covers ten domains of information system security knowledge, including access control systems and methodology, network and telecommunications security, security management and practices, applications and systems development security, cryptography, security and architecture models, operations security, business continuity and disaster recovery planning, law, investigation, and ethics, as well as physical security.

A Certified Information Systems Security Professional (CISSP) is essential for security professionals to be successful in their careers. Many employers value the CISSP for its designation as a standard for security professionals. While the investments in time and money are substantial, the career rewards can be respected as professionals with the CISSP are in need.

Testimonial

ISSA AL MASHINI

I have really enjoyed the course with Delphi, the instructor was very knowledgeable and experienced. He has the skills for explaining every topic very efficiently. I will probably take another course with him.

NAVEEN MENON

I have attended Delphi. Instructor was very knowledgeable, we could able to approach him easily in case of any doubts. We have very good experience with Delphi. In future, if I want to upgrade my knowledge sure I will join Delphi again as well refer.

HUSSAM AIJAZ

I would give such a Flexible Training 5 out of 5 and would Recommend to take Courses with Delphi Star in near Future. I am Well Satisfied with Delphi and looking forward to take more Courses
