AN INSPIRING WORD

**INNOVATION IS SAYING
NO TO A THOUSAND
THINGS.“**

STEVE JOBS

VISION

Rigorous training and Knowledge Dissemination. Equipping the students with development of critical skills to face the challenges of the complex global society.

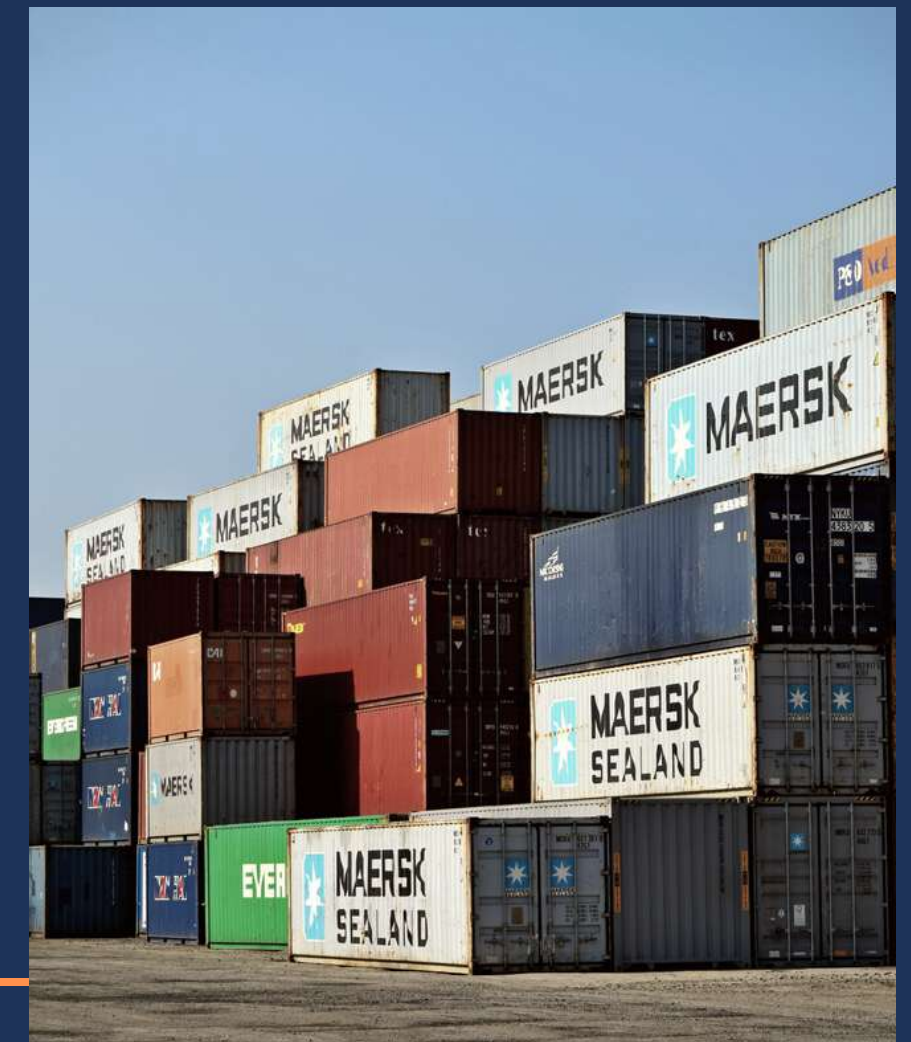

MISSION

Providing high quality training and support services to our students and corporate clients. Providing access to national and international professors/trainers who create master minds and transform learning.

ABOUT SUPPLY CHAIN MANAGEMENT

Supply chain management is not only a procedure for cutting costs and achieving greater operational efficiencies within an organisation. Although these are important considerations, modern supply chain management involves the strategic alignment of end-to-end business processes to achieve market and economic value, as well as a competitive advantage. Efficient supply chain management is accomplished by an organization proactively adopting initiatives to move suppliers and customers into collaborative relationships for common profit. Business professionals who desire to create a substantial impact on the efficiency, effectiveness or profitability of their systems should consider learning more about supply chain management and its value for companies operating in a competitive worldwide market. This course of study is designed for individuals in service and manufacturing companies seeking to improve the potency of their supply chain.

BY 2020-2024

GLOBAL SUPPLY CHAIN MANAGEMENT MARKET
SIZE IS TO GROW BY USD 9.56 BILLION

Students will gain in-depth knowledge of the new work processes necessary to acquire goods and services; ways to impact the company's bottom line through lower costs, lower prices; ways to partner for streamlining the acquisition of goods and services process; and new skills necessary in the areas of communication, business planning and global acquisition. Successful culmination of this course of study will enable participants to attain competitive advantage in the developing discipline of supply chain management.
