ABOUT US

A BIT ABOUT US

Delphi Education , has been established in Dubai in 2012, by a group of qualified professionals to accomplish the growing needs of the professionals by providing them with job related training courses and certifications, mainly in MENA region and in India. The Institute is approved by the Knowledge and Human Development Authority (KHDA), Dubai, UAE. Delphi is also an ISO 9001:2015 certified company.

WHAT IS IFRS?

International Financial Reporting Standards (IFRS) was introduced with an object to bring consistency in the accounting practices and principles followed by companies of various nations while preparing financial statements. Another object was to provide framework for nations across the globe on how companies and entities should prepare and present their financial statements. It also brings synchronization in accounting practices across various nations to facilitate comparison of financial statements. It is of more significance for those companies which have dealings in several countries. The training programme will expose the participants to international practices AND latest updates in IMPLEMENTING AND INTERPRETING IFRS and provide tools for formulating procedures for successfully implementing IFRS in their respective organizations as well as work-area. The sessions will be handled by expert faculties with international exposures, and in state-of-the-art conference rooms.
